

COME TO THE SECOND BOARD OF ADJUSTMENT MEETING REGARDING

554 Queen Anne Rd.

On January 20th at 7 PM

Thomas Jefferson Middle School
655 Teaneck Rd., Auditorium

The addition to this residential site was built under the premise that it would be used as a “Family Room”. The synagogue using this site as a place of worship has finally acknowledged that although their original application was for a “Family Room”, indeed a congregation has been established. They have requested several variances in order to comply with regulations that may have an effect on neighboring blocks. The hearing in December revealed the many problems with this variance application.

Our town has rules for all groups who wish to establish places of worship.

- Join your neighbors who support the rule of law in this, and in all such situations.
- Ask our representatives to insure that all groups applying for the establishment of places of worship follow the law.
- Detailed information, including the transcript from the Dec. hearing, available at **www.554queenanne.info**

If the Board of Adjustment approves this application, a precedent will be established to bypass our town’s rules and procedures.

YOUR VOICE IS IMPORTANT!
