

COME TO THE BOARD OF ADJUSTMENT
MEETING REGARDING
554 Queen Anne Rd.
On December 16th at 7 PM
Benjamin Franklin Middle School
1300 Windsor Rd., Auditorium

The addition to this residential site was built under the premise that it would be used as a “Family Room”. The synagogue using this site as a place of worship has finally acknowledged that although their original application was for a “Family Room”, indeed a congregation has been established. They have requested several variances in order to comply with regulations that may have an effect on neighboring blocks.

Our town has rules for all groups who wish to establish places of worship.

- Join your neighbors who support the rule of law in this, and in all such situations.
- Ask our representatives to insure that all groups applying for the establishment of places of worship follow the law.
- Detailed information available at 554queenanne.info

If the Board of Adjustment approves this application, a precedent will be established to bypass our town’s rules and procedures.

YOUR VOICE IS IMPORTANT!
